## BARBADOS – EIGHTH FOLLOW-UP REPORT

### I. Introduction

1. This report is the eighth follow-up report by Barbados to the Caribbean Financial Action Task Force (CFATF) Plenary on the measures taken to implement the recommended action listed in the third mutual evaluation report (MER) of Barbados which was adopted in May 2008. Barbados has submitted seven previous follow-up reports in May and October 2009 and May and November 2010 and May and November 2011 and May 2012, respectively. In accordance with present procedures the following is a report on measures taken by Barbados to deal with the recommended actions in those Financial Action Task Force (FATF) Recommendations rated partially compliant (PC) or non compliant (NC). Details on the actions are outlined in Annex 1 of this report

2. Barbados received ratings of PC or NC on nine (9) of the sixteen (16) Core and Key Recommendations and largely compliant (LC) or compliant (C) on the remaining seven (7) Core and Key Recommendations as follows:

**Table 1: Ratings of Core and Key Recommendations**

<b>Rec.</b>	<b>1</b>	<b>3</b>	<b>4</b>	<b>5</b>	<b>10</b>	<b>13</b>	<b>23</b>	<b>26</b>	<b>35</b>	<b>36</b>	<b>40</b>	<b>I</b>	<b>II</b>	<b>III</b>	<b>IV</b>	<b>V</b>
<b>Rating</b>	<b>LC</b>	<b>PC</b>	<b>PC</b>	<b>PC</b>	<b>NC</b>	<b>LC</b>	<b>PC</b>	<b>LC</b>	<b>LC</b>	<b>PC</b>	<b>LC</b>	<b>PC</b>	<b>C</b>	<b>PC</b>	<b>LC</b>	<b>PC</b>

3. With regard to the other non-core or key Recommendations, Barbados was rated partially compliant or non-compliant on eighteen (18), as indicated below.

**Table 2: Non Core and Key Recommendations rated Partially Compliant and Non-Compliant**

<b>Partially Compliant (PC)</b>	<b>Non-Compliant (NC)</b>
R. 6 (Politically exposed persons)	R. 12 (DNFBP – R.5,6,8-11)
R. 8 (New technologies & non face-to-face business)	R. 16 (DNFBP – R.13-15 & 21)
R. 9 (Third parties and introducers)	R. 21 (Special attention for higher risk countries)
R. 11 (Unusual transactions)	R. 24 (DNFBP – regulation, supervision and monitoring)
R. 14 ( Protection & no tipping off)	SR. VI (AML requirements for money value transfer services)
R. 15 (Internal controls, compliance & audit)	
R. 22 (Foreign branches & subsidiaries)	
R. 25 (Guidelines & Feedback)	
R. 30 (Resources, integrity and training)	
R. 33 (Legal persons – beneficial owners)	
R. 34 (Legal arrangements – beneficial	

owners)	
R. 38 ( MLA on confiscation and freezing)	
SR. VII (Wire transfer rules)	

4. The following table is intended to provide insight into the size and risk of the main financial sectors in Barbados.

### Summary of progress made by Barbados

\* Information as at December 31, 2011

<sup>1</sup> Since March 2011, one of the deposit taking non-banking institutions was reclassified as a Part II licensee.

<sup>2</sup> Foreign owned refers to the complete or majority (>50%) ownership by companies whose headquarters are not in Barbados.

<sup>3</sup> Since September 2010, the ownership of one of the deposit taking non-banking institutions changed to local ownership.

5. Since the MER, the authorities in Barbados began to assess the various means to achieve compliance. Some measures included legislative amendments to specific laws and proposals for new legislation. A new Money Laundering and Financing of Terrorism (MLFT) Bill, a Corporate and Trust Service Providers Bill, the Transnational Organized Crime (Prevention and Control) Bill and the Prevention of Corruption Bill were finalized and approved by Cabinet. The new MLFT Bill amended the relevant sections of the Securities Act (SA), the Mutual Assistance in Criminal Matters Act (MACMA), the Insurance Act, the Exempt Insurance Act, the Cooperative Societies Act (CSA), the Proceeds of Crime Act (POCA), the International Business Companies Act, the Drugs (Prevention and Control) Act, the Charities Act, the International Trusts Act, the Societies with Restricted Liability Act and the Mutual Funds Act. These pieces of legislation were due to be placed in Parliament for debate in June 2010.

6. In the Follow-Up Report for November 2010 the authorities advised that debate on the legislative package was postponed to the next Parliamentary session beginning in October 2010. As such, there had been no substantive change in the situation reported in May 2010. As a result of the above, it was recommended and agreed by the November 2010 Plenary that Barbados be placed on enhanced follow-up and a letter by the CFATF Chairman be sent to the Attorney General in Barbados to encourage Barbados' progress in relation to the enactment of relevant legislation. The recommended letter was sent on November 11, 2010 to the Attorney General of Barbados.

7. In the Follow-Up Report of May 2011 the authorities advised that the International Corporate and Trust Service Providers Act (ICTSPA), the Transnational Organized Crime (Prevention and Control) Act (TOCPCA), the Companies (Amendment) Act (CAA) and the Financial Services Commission Act (FSCA) had been enacted. The new MLFT Bill and the Prevention of Corruption Bill were still being debated. As a result of the passage of the FSCA, the Financial Services Commission (FSC) came into effect on April 1, 2011.

8. The Money Laundering and Financing of Terrorism (Preventions and Control) Act (MLFTA 2011) became enforceable in November 2011 and as noted above contains amendments to several statutes. The Follow-Up Report of November 2011 focused on those Recommendations which had been affected by the enactment of the MLFTA 2011 and the attendant amendments. The enactment of the MLFTA 2011 resulted in substantial improvement in the level of compliance with the examiners' recommendations i.e. Recs. 3, 4, 5, 10, 12, 14, 15, 16, 23, 33, 36, 38, SR I, SR V which includes eight (8) key and core Recommendations. Recs. 6, 8, 9, 11, 21, 22, 24, 34 and SR. III remained outstanding including one key Recommendation. Given the above, Barbados was removed from enhanced to expedited follow-up within the regular follow-up process.

9. The Follow-Up Report of May 2012 noted the improved level of compliance of Recs. 4, 23, and 38. With regard to other Recommendations, the main means of achieving compliance consisted of proposed revision of AML guidelines, developing amendments to relevant laws, and discussions among the appropriate competent authorities with regard to the monitoring regime for international trusts and the regulatory framework for money value transfer service providers.

10. Some of the measures implemented since the report in May 2012 include the FSC issuing in October 2012 the Anti-Money Laundering/Combating Terrorist Financing Guideline for financial institutions regulated by the FSC (FSC AML/CFT Guideline). The FSC AML/CFT Guideline was issued pursuant to subsections 53 (1)(d) and (e) of the FSCA. A Designated Non-Financial Businesses and Professions (DNFBPs) sub-working group of the Anti-Money Laundering Authority (AMLA) was created to make proposals for the formulation and

supervision of the DNFBP regime and draft guidelines. A Cabinet Paper drafted by the Ministry of International Business and International Transport (International Business Unit) concerning Regulations to the ICTSPA is before Cabinet. A Prevention of Corruption Bill is before a Joint Select Committee of Parliament. The following report assesses these measures implemented and will focus on the affected Recommendations

## **Key Recommendations**

### **Special Recommendation I**

11. As noted in a previous report the recommendation to update the corruption/ bribery laws remained outstanding pending the enactment of the Prevention of Corruption Bill. Additionally, there was no legislative provision implementing UN Resolution S/RES/1373(2001). As noted in the last report, the authorities advised that the Prevention of Corruption Bill was before a Joint Select Committee of Parliament which was due to review the comments of stakeholders from the public and private sectors and indicate a course of action. At present, the situation remains unchanged. Given the above the examiners' recommendations referred to above remain outstanding.

### **Other Recommendations**

#### **Recommendation 6**

12. With regard to the only recommendation that the requirements for politically exposed persons as stated in the CBB and Supervisor of Insurance's AML/CFT Guidelines be enforceable on all financial institutions, the FSC issued in October 2012, a consolidated Guideline modeled on the CBB AML/CFT Guideline. The FSC AML/CFT Guideline is for financial institutions regulated by the FSC which include:

- (i) Persons engaged in relevant insurance business
- (ii) A market actor, self-regulatory organization, participant and issuer of securities within the meaning of the Securities Act
- (iii) A mutual fund and mutual fund administrator within the meaning of the Mutual Funds Act or any person who manages a mutual fund, and
- (iv) A credit union within the meaning of the FSCA.

13. The FSC AML/CFT Guideline was issued pursuant to subsections 53 (1)(d) and (e) of the FSCA . Section 22 of the MLFTA obligates all financial institutions to comply with the guideline. Additionally, administrative sanctions for non-compliance with the guideline can be imposed pursuant to section 34 of the MLFTA. As a result of the above measures, the FSC AML/CFT Guideline is enforceable in accordance with FATF requirements. Section 6.4.6 of the FSC AML/CFT Guideline incorporates all the requirements for politically exposed persons as stated in the CBB and Supervisor of Insurance's AML/CFT Guidelines. It is noted that while the FSC Guideline extends the requirements to the financial institutions listed above, entities under the supervision of the International Business Unit of the Ministry of International Business and International Transport are not included. As such the above measure only partially complies with the examiners' recommendation.

## **Recommendations 8**

14. The only recommendation is for the authorities to make the requirements for non-face to face customers in the AML/CFT Guidelines enforceable on all financial institutions. As noted before the FSC issued in October 2012 a consolidated enforceable Guideline modeled on the CBB AML/CFT Guideline. Section 6.4.3 of the FSC AML/CFT Guideline includes the exact requirements for non-face to face customers as stated in the CBB AML/CFT Guidelines. As previously noted while the FSC AML/CFT Guideline extends the requirements to the financial institutions listed above, entities under the supervision of the International Business Unit of the Ministry of International Business and International Transport are not included. As such the above measure only partially complies with the examiners' recommendation.

## **Recommendation 9**

15. The first recommendation requires the authorities to consider making the requirements for third party and introduced business as stipulated in the CBB AML/CFT Guidelines enforceable on all other financial institutions. Section 6.4.4 of the FSC AML/CFT Guideline has the same requirements for third party and introduced business as the CBB AML/CFT Guidelines. As previously noted while the FSC AML/CFT Guideline extends the requirements to the financial institutions under the supervision of the FSC, entities under the supervision of the International Business Unit of the Ministry of International Business and International Transport are not included. As such the above measure only partially complies with the examiners' recommendation.

16. With regard to the recommendations for the authorities to (a) require financial institutions to satisfy themselves that the third party is regulated and supervised in accordance with Recommendations 23, 24 and 29 and (b) consider advising financial institutions on countries from which third parties that meet the conditions of being regulated and supervised and comply with CDD requirements can be based, the authorities cite sections 6.6 and 6.8 of the FSC Guideline. Section 6.6 of the FSC Guideline requires financial institutions to consult publicly available information to ensure that they are aware of countries/territories which may pose a higher risk. Section 6.8 of the FSC Guideline further alerts institutions to the FATF's high risk and non-cooperative jurisdictions by exempting persons from these jurisdictions from reduced due diligence. However, sections 6.6 and 6.8 of the FSC Guideline deal with reduced customer due diligence in relation to the financial institution's customers and not third parties as required by the examiners' recommendation. Consequently, these recommendations remain outstanding. .

## **Recommendation 11**

17. With regard to the recommendation that the requirements in the AML/CFT Guidelines should be enforceable on all financial institutions, section 7 of the FSC AML/CFT Guideline has the same monitoring requirements specified in section 8 of the CBB AML/CFT Guideline. As previously noted while the FSC Guideline extends the requirements to the financial institutions under the supervision of the FSC, entities under the supervision of the International Business Unit of the Ministry of International Business and International Transport are not included. As such the above measure only partially complies with the examiners' recommendation.

18. The second recommendation requires the AML/CFT guidelines to specifically mandate the retention of the findings of the internal examinations of all transactions for at least five years. This requirement is specified in section 10.1 of the CBB AML/CFT Guidelines and sections 9.0

and 9.1 of the FSC AML/CFT Guideline. Consequently this recommendation has been met for those AML/CFT guidelines which have been issued. As already noted entities under the supervision of the International Business Unit of the Ministry of International Business and International Transport are not included since revised AML/CFT Guidelines for these entities are still to be issued. As such, this recommendation remains partially outstanding.

### **Recommendation 12**

19. The sole recommendation was for the authorities to enact measures to apply the requirements of Recommendations 5, 6, 8 to 11 and 17 to DNFBPs not licensed by the Central Bank. It was noted in a previous report that Section 4 of the MLFTA 2011 explicitly states that the Act applies to non-financial business entities and professions as set out in the Third Schedule. The list of non-financial business entities and professionals in the Third Schedule includes all categories of the FATF DNFBPs except for notaries and other independent legal professionals. The authorities advise that in the local context, other independent legal professionals, such as paralegals, solely provide clerk service and do not and cannot conduct financial transactions on behalf of clients/customers. Additionally, in Barbados, the post of notary differs from that in many jurisdictions. The notaries are notaries public, that is, government officers and do not provide the type of financial services as defined by the FATF. In keeping with the Methodology, the FATF requirements do not apply. The activities of the relevant DNFBPs subject to the MLFTA 2011 also comply with FATF standards.

20. In the cases of dealers in precious metals or precious stones and a person who operates a gaming institute, the Act applies when they engage in financial transactions equal to or above the value set out in guidelines of the AMLA. These guidelines have not been issued to date. As such, the CDD requirements as set out in section 15 of the MLFTA 2011 are applicable. These requirements have no threshold limit and are therefore applicable to all occasional transactions and business relationships. All non-financial business entities and professions as set out in the Third schedule of the MLFTA 2011 are subject to the other requirements of Recs. 5, 6, 8 to 11 and 17 as enacted by the MLFTA 2011 and the deficiencies identified under the relevant Recommendations are also applicable. It should also be noted that the requirements of Recs. 5, 6, 8 to 11 and 17 which are addressed in the CBB Guidelines would also have to be imposed on the DNFBPs for full compliance.

21. The authorities have advised that a DNFBPs sub-working group of the Anti-Money Laundering Authority has been recently created to make proposals to government for the formulation and supervision of the DNFBP regime generally and the drafting of guidelines. Consequently the deficiencies as noted above with the recommendation have not been rectified.

### **Recommendation 16**

22. All non-financial business entities and professions as set out in the Third Schedule of the MLFTA 2011 are subject to the requirements of Recs. 13 to 15, 17 and 21 as enacted by the MLFTA 2011 and the deficiencies identified under the relevant Recommendations are also applicable. Similar to what was noted under Recommendation 12, the requirements of Recs. 13 to 15, 17 and 21 which are addressed in the CBB Guidelines would also have to be imposed on the DNFBPs for full compliance. Additionally, as also stated under Recommendation 12, a DNFBPs sub-working group of the Anti-Money Laundering Authority has been recently created to make proposals to government for the formulation and supervision of the DNFBP regime generally and the drafting of guidelines. Consequently the deficiencies as noted above with the recommendation have not been rectified.

## **Recommendations 21**

23. The first recommendation requires that AML/CFT guidelines should provide specific guidance with regard to requiring special attention to business relationships and transactions with persons from or in countries which do not or insufficiently apply the FATF Recommendations. The authorities cited sections 6.8, 12.2.3 of the FSC AML/CFT Guideline as dealing with the recommendation. However, both sections are limited to requirements of specific areas of business relationships and transactions as section 6.8 deals with reduced customer due diligence and section 12.2.3 with mutual fund compliance procedures and neither section requires that special attention be paid to business relationships and transactions from or in countries which do not or insufficiently apply the FATF Recommendations. Consequently this recommendation is still outstanding.

24. With regard to the recommendation that the written findings of all transactions with no apparent economic or lawful purpose from countries that do not or insufficiently apply the FATF Recommendations be available to competent authorities section 8 of the CBB AML/CFT Guidelines and section 7 of the FSC AML/CFT Guideline require financial institutions to examine transactions that appear to have no apparent economic or visible lawful purpose irrespective of where they originate and section 10.1 of the CBB AML/CFT Guidelines and sections 9.0 and 9.1 of the FSC AML/CFT Guideline require the retention of findings of such examinations. General powers of unrestricted access to records and information by competent authorities are provided in primary statutes administered by the CBB and the FSC, as well as in the MLFTA. Under sections 14(1)(b), 15 and 17(2) of the FSCA, the FSC has the power to conduct on-site examinations and its examiners can access all necessary records, documents or other information. Similar powers of unrestricted access are granted to the CBB in section 54 of the IFSA and sections 47 and 48(1) of the FIA. These powers are supplemented by sections 31(3)(a) and 37 of the MLFTA which provides for all regulatory authorities including the AMLA/FIU, FSC, CBB and the International Business Unit to have access to any records relating to the business of a financial institution. The above measures provide for the retention of the written findings by the financial institutions under the supervision of the FSC and the CBB and also allows for the access of such records by the AMLA, the FSC and the CBB. While the International Business Unit has access to all records there is no similar requirement for its supervised institutions as specified in the CBB and FSC AML/CFT Guidelines for the retention of written findings. As such, the recommendation has been partially met. The other two remaining recommendations are still outstanding.

## **Recommendation 22**

25. The first recommendation stipulates that the obligation for financial institutions to ensure that their foreign branches and subsidiaries observe AML/CFT measures consistent with the requirements of Barbados and the FATF be extended from the licensees of the CBB and the Supervisor of Insurance to all financial institutions. The above mentioned obligation is included in section 2 of the FSC AML/CFT Guideline thereby extending it to those entities under the supervision of the FSC. As already indicated entities under the supervision of the International Business Unit of the Ministry of International Business and International Transport are still to be included. Consequently this recommendation is partially met.

26. The second recommendation requires financial institutions to pay particular attention that their foreign branches and subsidiaries in countries which do not or insufficiently apply the FATF Recommendations observe AML/CFT measures consistent with requirements in Barbados and the FATF Recommendations. The authorities cite sections 6.8 and 12.2.3 of the FSC AML/CFT

Guideline as referring to the FATF's high risk and non-cooperative jurisdictions list. However, neither section obliges financial institution to pay particular attention in the circumstances outlined in the recommendation. As such, this recommendation remains outstanding.

27. The third recommendation requires branches and subsidiaries in host countries to apply the higher standard where the minimum AML/CFT requirements of the home and host countries differ to the extent that host country laws and regulations permit. Both the CBB AML/CFT Guidelines and the FSC AML/CFT Guideline incorporate in their respective section 2 an obligation that financial institutions ensure that their operations apply the higher of local and host standards. The deficiency already noted with regard to the non-inclusion of the entities under the supervision of the International Business Unit of the Ministry of International Business and International Transport is also applicable. Consequently this recommendation is partially met

28. The last recommendation requires the obligation for financial institutions to inform their home country supervisor when a foreign branch or subsidiary is unable to observe appropriate AML/CFT measures because this is prohibited by local laws, regulations or other measures to be extended from the licensees of the CBB and the Supervisor of Insurance to all financial institutions. The above requirement is included in section 2 of the FSC AML/CFT Guideline thereby extending this requirement to those entities under the supervision of the FSC. However, as already noted the non-inclusion of the entities under the supervision of the International Business Unit of the Ministry of International Business and International Transport is also applicable. Consequently this recommendation is partially met .

#### **Recommendation 24**

29. The recommendation required that the authorities take measures to ensure that the requirements of Recommendations 24 and 25 should apply to DNFBPs not licensed by the Central Bank. It was noted in a previous report that the MLFTA 2011 extends the application of AML/CFT obligations to non-financial business entities and professionals. There is no direct designation of a supervisory agency with appropriate authority to implement an effective system of monitoring and ensuring compliance by the DNFBPs with AML/CFT obligations in the MLFTA 2011. It is noted that section 31 of the MLFTA 2011 empowers the AMLA to conduct inspections of financial institutions to determine compliance with the Act. The enactment of the ICTSPA establishes a registrations and licensing regime for international service providers and pursuant to section 8(3) of the ICTSPA the Director of International Business is responsible for ensuring that service providers observe AML/CFT requirements of the MLFTA 2011 as a condition for the annual renewal process. .

30. The authorities have advised that a DNFBPs sub-working group of the Anti-Money Laundering Authority has been recently created to make proposals to government for the formulation and supervision of the DNFBP regime generally and the drafting of guidelines. As such the requirements of Recommendation 24 are still partially met.

#### **Recommendation 25**

31. With regard to the deficiency concerning competent authorities not issuing guidelines to DNFBPs, section 26 of the MLFTA 2011 allows for the AMLA to issue guidelines to financial institutions which in accordance with section 4(1) would also be applicable to DNFBPs. To date, guidelines are still to be issued. The authorities have advised that a DNFBPs sub-working group of the Anti-Money Laundering Authority has been recently created to make proposals to

government for the formulation and supervision of the DNFBP regime generally and the drafting of guidelines. As a result, the Recommendation still remains partially met.

### **Recommendation 30**

32. With regard to the deficiencies concerning the insufficient resources provided to the FIU, law enforcement, prosecutorial authorities and the Registrar of Co-operative Societies, as noted in a previous report, the FIU has six established posts and has upgraded its IT system. The FIU recruited a Senior Analyst in 2012. The Royal Barbados Police Force had recruited an additional 47 persons bringing the total number of persons recruited since 2006 to approximately 200. With regard to supervisory resources, the FSC was established in April 2011 and is responsible for a range of other financial institutions, as noted at Recommendation 6 above. The current staff complement of the FSC stands at 60. The above measures substantially deal with the identified deficiencies except for the one concerning the prosecutorial authorities. As a result, the Recommendation still remains partially met.

### **Recommendation 33**

33. The recommendations require that the authorities should consider improving the present system for access to beneficial ownership information by establishing a complementing national registry and enact legislative requirements for legal persons to disclose beneficial ownership information. With regard to the first recommendation it was noted in a previous report that while international service providers were required under the ICTSPA to keep records on clients for at least 5 years from the date on which an international entity ceases to be the client of the international service provider, these records are not defined with specific reference to beneficial ownership information. The authorities indicated that the above requirement would be addressed in the format and content of forms prescribed under the ICTSPA for international service providers.

34. Additionally, it was noted while international service providers along with other financial institutions and DNFBPs under the MLFTA 2011 will be required to maintain beneficial ownership, this requirement does not include information on control. The second recommendation remained outstanding in the last report. In the last report, the authorities advised that the International Corporate and Trust Service Providers Regulations with prescribed forms had been drafted and were in the process of finalization. These regulations should comply with the outstanding recommendations. At present, the authorities have advised that a Cabinet Paper has been drafted by the Ministry of International Business and International Transport (International Business Unit) concerning the Regulations to the ICTSPA and is currently before Cabinet. As such, the situation remains unchanged from the previous report.

### **Recommendation 34**

35. The recommendation requires that the authorities should implement measures for monitoring and ensuring compliance of international trusts supervised by the Ministry of Economic Affairs and Development, lawyers and accountants with AML/CFT requirements i.e. retention of beneficial ownership and control information. As noted in a previous report, under the ICTSPA international service providers who are defined as persons engaging in the business of international corporate service or international trust service are required to comply with the requirements of the MLFTA 2011 as a condition for the annual renewal of their licences. Additionally, section 4 of the MLFTA 2011 extends the AML/CFT requirements of the Act to DNFBPs which includes international service providers. While these requirements include the

maintenance of beneficial ownership information, information on control is not required. As such as indicated by the authorities, the onus of obtaining and maintaining beneficial ownership information in accordance with the ICTSPA is placed on the service provider. At present, the authorities advise that the FSC and the International Business Unit are discussing a monitoring regime pursuant to section 4(1) (e) of the FSCA which includes as one of the functions of the FSC, the provision of technical assistance and advice to the International Business Unit or any other government agency with regard to legislative responsibilities to supervise, regulate or monitor any business operating in Barbados. As a result this Recommendation remains outstanding.

### **Conclusion**

36. As a result of measures noted in the above report the level of compliance of Recs. 6, 8, 9, 11, 21, 22, and 30 has improved. With regard to other Recommendations, measures have been implemented to formulate proposals for the establishment and supervision of the DNFBP regime and draft guidelines. Proposed legislation includes a Prevention of Corruption Bill which is in Parliament and a Cabinet Paper concerning regulations to the ICTSPA which has been drafted and will shortly proceed to Cabinet. The authorities should pursue the completion of these measures as expeditiously as possible. Additionally, with regard to the functioning of the newly created FSC, statistics as to the number of AML/CFT inspections it has conducted and any sanctions it has thereby imposed should be submitted in future reports to demonstrate implementation. Given the above, it is recommended that Barbados remain on expedited follow-up within the regular follow-up process and should report back to the Plenary in May 2013.
